

VILAS A B

vilaspoojary889@gmail.com — +91 77957 74263 — linkedin.com/in/vilas-ab-a399b0207

SUMMARY

Detail-oriented Software Developer proficient in Java, C, C++, and SQL with hands-on experience in backend development, automation, and data-driven applications. Skilled in machine-learning techniques and analytical problem-solving, focused on building efficient and reliable systems.

PROFESSIONAL TRAINING

Jspiders Rajajinagar, Bangalore
Software Development Course

July 2025

EDUCATION

Sahyadri College of Engineering and Management, Adyar, Karnataka
Bachelor of Engineering in Artificial Intelligence (AI) & Data Science — CGPA: 6.63

July 2025

Sahyadri Polytechnic, Thirthahalli, Karnataka
Karnataka State Board — 60.01%

June 2020

Dr. U. R. Ananthamurthy Government High School, Thirthahalli, Karnataka
Karnataka State Board — 67.52%

April 2018

SKILLS

Java, C, C++, Python, SQL, DBMS, Linux, Unix, Networking, AWS, Operating System, Strong Analytical Abilities, Problem Solving Skills, Automation and Orchestration, Cloud Platform, REST APIs

PROJECTS

Natural Language Query Executor — NLP (spaCy, NLTK, scikit-learn), SQL

- Built an NLP-based system that converts plain-English queries into SQL for database interaction.
- Applied tokenization, lemmatization, and entity recognition to enhance interpretation accuracy.
- Designed a user-friendly interface for executing SQL dynamically.
- Achieved 95% precision with rapid response times.

Smart Rice Leaf Disease Classifier — Python, CNN, OpenCV, TensorFlow, Keras

- Built a CNN model for classifying rice-leaf diseases using image datasets.
- Applied image preprocessing including resizing and augmentation.
- Trained the model for multi-class classification with strong accuracy.
- Achieved over 90% detection accuracy for early disease identification.

LEADERSHIP EXPERIENCE

Elevate Sahyadri College — Student Volunteer

July 2023 – Aug 2023

- Coordinated 10+ startup interactions to enhance collaboration.
- Managed 100+ participant engagements ensuring smooth event flow.

CERTIFICATIONS

Accolades Internship (AI & ML) — Hands-on training with real-world projects
AI & ML Internship and MERN Stack Internship (TCE)

March 2025

June 2024
